SUMMARY OF DR. SALAR FARAHMAND'S RESEARCH

Kidney/Gallbladder Stones

Can dissolve stones safely and naturally. Also cleanses the gallbladder, kidney and urinary tract. Prevention of forming new stones in 95% of people. This treatment is ideal for patients unable to undergo surgery and can be used in hospitals for such cases.

Heart Blockage

A detoxification process for the heart vessels. Can eliminate calcium deposits in internal arteries and stabilize the internal wall of the heart. Can also be used for patients unable to undergo surgery and also after 1 bypass.

Asthma

Asthma is usually an allergic reaction of some kind. Allergies are the body's response to hidden inflammation and infections. This response causes antibody development and inflammation. Antibodies stored in the body from a long time ago are the main source of allergies. This treatment can radically eliminate the hidden infection behind asthma. Has extremely high results. Helps children get off from inhaler and cortisone.

Gastritis

Gastritis is brought on by cellular mineral deficiency of the stomach wall. Antibiotics have not proven to be effective in fighting *H. pylori*, a bacterium that can be compared to termites affecting a wall. With this homeopathic treatment, we stop the termite that penetrates and lives inside the stomach wall by strengthening and stabilizing the cells of the stomach wall to stop the *H. pylori* termites. Results are long lasting.

Ear Infection

This treatment is similar to the Gastritis treatment in the following way: our treatment strengthens the cells of the ear's inner wall structure to stop the infection by stopping penetration. This has extremely high results and helps children's immune system. Antibiotics have also not proven effective for this condition.

Pain

Pain is usually caused by cartilage inflammation and cellular mineral and trace element deficiencies of ligaments, muscles and bones. By providing cellular food through homeopathic medicines, the body can balance itself and reverse the cause of pain.

Colitis

Restoring intestinal mucous membrane and area detoxification.

Hemorrhoids

People may have bleeding, pain, itching, burning sensations along with external problems of tissues in the rectal region. First, we help hemorrhoid patients through mucous membrane detoxification and restoration of area tissues, then by providing mineral deficiency of those tissues. According to their symptoms, patients can use this treatment for individual needs (itching and/or burning...).

Seizure/Epilepsy

Genetic or may be related to brain concussion and trauma. This treatment is recommended accompanied with conventional medicine and through M.D. supervision.

Brain Injury

This treatment is deep acting and can affect secondary symptoms (mental, emotional, physical) of head and spinal cord injury that happened at any point of life. For instance, a 25-year-old patient suffering from depression, panic attacks and mood swings could experience amelioration of depression after treating a brain trauma from the age of two. For further information on the brain injury treatment please refer to the Mild Traumatic Brain Injury article found on www.homeopathicwonders.com and read pages 295-300 of Dr. John Gray's latest book titled Mars and Venus Diet and Exercise Solutions.

Formula of brain injury can be used successfully in treatment of MS, Parkinson's, strokes and coma patients.

Formulas are based on careful potency regulation, duration of treatment and interval between combination of remedies.
