## **DR. SALAR'S NUMBER ONE SCIENTIFIC FORMULA FOR CHRONIC PAIN AND ARTHRITIS**

### **THE FINAL SOLUTION FOR PAIN**

SHOULDER, LOWER BACK, HIP & KNEE, RUPTURED DISC, LEG PAIN, SCIATICA & FIBROMYALGIA

Personalized mineral & trace element intake are essential for treating Chronic pain and Arthritis, in order to maintain a pain free life, as well as restoring the overall health of the body.

**Dr. Salar Farahmand**, founder of Encino Acu-Medical Center, has more than 30 years experience in biological research and has confirmed findings that the main cause of arthritis may be due to the lack of some minerals in the body. (Twelve main minerals and trace elements are absolutely necessary for the body to function properly.)

In an article (published in November 2002, Explorer Magazine, Volume II, #4), he explains that deficiencies in the intake of essential minerals and trace elements in the body are the cause of many different diseases, including **Chronic Joint Pain**.

The following factors work at the **cellular level** and should be taken into account:

1. **Mineral deficiencies**
2. **Trace elements**
3. Worms and parasites
4. Yeast and Candida
5. Viral infections
6. Enzyme Deficiencies
7. Accumulation of toxins in joints and muscles

Minerals are needed to provide deficient nutrients at the **cellular level**, in order to resolve pain in the joints, muscles, and ligaments.
